MEMORANDUM

TO: Members of the 1989 General Assembly

FROM: Terrence D. Sullivan, Director of Research *T.D.S.*

RE: 1987-89 Interim Studies and Statutory Legislative Commissions and Committees

This publication comprises commissions, committees and agencies authorized to conduct temporary studies by the 1987 General Assembly together with permanent legislative commissions or committees. It is designed to lead the legislator or other interested person quickly to basic information about the make up of studies and statutory legislative commissions and committees. The booklet is organized alphabetically by subject. The appendices contains an alphabetical index, beginning on page 130, and an index by subject matter, beginning on page 136.

Each subject contains, as applicable for the study, the statutory authority, who is to make the report, when the report is to be made, for commissions or committees, the members and the staff, and for state agencies--the contact person. Also included, where applicable, is known explanatory information--for example that the particular study was authorized but not funded.

I hope that this publication proves of use to you in the upcoming session. If you have suggestions for this booklet's improvement, I would appreciate your sharing them with me.
